

DISTRICT COUNCIL OF GRANT

MEDIA RELEASE

For Immediate Release

5 July 2017

Visitors' needs met with new RV Dump Points

The District Council of Grant's continues to progress our approach to supporting free camping for self-contained vehicles, and making our area a more user friendlier destination for tourists travelling in self-contained vehicles. Travellers to the Limestone Coast now have a further reason to visit, stay longer, and hopefully spend more in the District Council of Grant with the installation of three recreational vehicle (RV) dump points.

Council responded to community engagement requests from a number of community groups to install RV dump points in several locations around the Council area. The free dump sites provide complimentary infrastructure to the designated RV friendly camp sites already popular within the district.

Council supported the need for providing the infrastructure to ensure that tourists travelling in self-contained vehicles have an environmentally safe option for disposing their wastewater.

The RV dump points have been installed with assistance of the Campervan and Motorhome Club of Australia (CMCA) Dump Point Subsidy Scheme. Self-contained campers can now responsibly dispose of wastewater at the Carpenter Rocks Hall, Tarpeena Sportsground, and Elizabeth Street Port MacDonnell near the netball courts.
