

## **Waste Collection – Extension of Service**

Council will consider the provision of an additional Mobile Garbage Bin (MGB) waste collection service to a defined area, on written request, if it meets Council's Mobile Garbage Bin Policy. Any request for an additional collection area is to be forwarded to Council's Environmental Health Manager, PO Box 724, Mount Gambier, 5290 or email to [nicole.dodds@dcgrant.sa.gov.au](mailto:nicole.dodds@dcgrant.sa.gov.au)

A minimum acceptance rate of 80% of residents, and a minimum number of 40 developed residential properties (occupied houses only), on adjoining blocks within a subdivided Country or Rural Living Zone must be attained for further consideration by Council.

A survey of the proposed designated area will be undertaken to determine the outcome of the proposed new designated MGB area. The survey results are reported to Council for consideration, and affected ratepayers will be notified of Council's decision.
